

Date: 6/4/2021

Dear Parent or Guardian:

The purpose of this letter is to inform you about New York State and Lawrence Woodmere Academy's immunization requirements for students entering the 6th grade in 2021. Students entering the 6th grade for the 2021-2022 School Year will require a record of:

- Two doses of varicella (chickenpox) vaccine
- Three to four doses of Polio vaccine (IPV)
- Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine booster (Tdap) received no earlier than 10 years of age.

If you have a child entering 6th grade or who is of comparable age in September, please contact your child's physician to ensure that your child is in compliance with the new current New York State immunization requirements for school attendance.

Please be sure the necessary documentation is received by the Health Office prior to your child starting school in September.

Thank you for your cooperation.

Sincerely,
LWA School Nurse
Dina Rosenberg BSN, RN-BC, CSRN
